The name on each day indicates who the V.I.P. is that day. Your child will have a short "homework" project the night **before his/her V.I.P. day.

**If your child's name does not appear on the calendar this month, he/she will be at the beginning of October.

**The students will be in the library 3 days a week for different subjects (Media, Library, Computers) and they will be able to take out new library books each time they are there.
